

AUTHORIZATION FOR NON-PARTICIPATION IN EMERGENCY DRILLS TRAINING

Person Supported: _____ **Service/Location:** _____

It is the policy of LADD for all people receiving services to receive training in emergency procedures, practices and responses so they are prepared to deal appropriately with emergencies and be safe from harm.

In order to promote this safe environment where people are prepared in the event of an emergency, LADD provides an Emergency Guidebook that is available for people receiving support services to assist them with making their home safety, specific to meet their needs, where they live.

It is recommended that each person participate in the drills listed below as defined on the Practice Drill Schedule Log in the Emergency Guidebook. The Practice Drill Schedule Log contains suggestions for best practices based on industry standards and recommendations for emergency drills. People receiving supports also have the legal right to choose the services they want to participate in, and this information outlined above is to ensure that they are making an informed choice if they choose not to participate at any time.

Please fill out the information below if you are choosing to **NOT** follow any part of the recommended Emergency Drills. The Information below must be completed to waive participation in drills or times.
